

# Tour de Pologne<sup>®</sup>

UCI  WORLD TOUR

Warsaw 7 -7-2021

We are very pleased to be able to collaborate with Valsir, a leading company in the plumbing sector and excellence of „Made in Italy”.

A special thanks to Mr. Andrea Niboli, owner of the company for having believed in this new promotion opportunity in Poland during the 78. Tour de Pologne UCI World Tour and to his collaborators who follow this project with great commitment and devotion.

We know how important the world of sport is for the Valsir, and it's very significant to have partners who fully share the philosophy and vision of promotion in cycling, for this we are truly grateful.

We hope that this is only the beginning of a long and lasting collaboration and together we will strive to promote the Italian brand in the best possible way in Poland and abroad.

We are waiting for you on the roads of the Tour de Pologne with Valsir!
